COMPANY  
PROFILE

# ABOUT US

## WHO WE ARE

True Power is a fast-growing general contracting firm based in Egypt, founded in 2015 by Eng. Nader Edward- Founder & CEO who brings more than 18+ years of extensive experience in the contracting field. We've accomplished an outstanding track record in Egypt & Gulf region, working on various projects such as retail, food & beverage, banks, hospitals, factories & admin buildings.

## Why Us

From know-how to do-how, we assure providing unique services, delivering high quality in a very affordable & competitive prices, bringing the most cost effective Electro-Mechanical solutions to our clients combined with our qualified team that ensure successful delivery of all our projects.

## Our Team

Since we began, we keen to assign a well-structured and organized team who successfully built an excellent reputation in the market over the years.

We understand the importance of a great vision and remarkable execution. Most of all, our professional team understand the importance of respecting all commitment we take.

## Our Practice

Since our engineering experience talks loudly, we know how it is so important to transfer the information in a proper way, provide accurate reports in a timely manner.

Most importantly, we give advice to our clients about the site conditions and the expected needs.

# Board Message

On behalf of True Power Contracting, it is my distinct honor to represent True Power and lead its business since 2015 with more than 19 years of experience especially in the field of retail and fit out, first as a Partner & Head of Electro-mechanical Department at EG-ART then Founder & CEO at True Power Contracting.

I'm so excited about the plans in place to continue to grow the company and deliver on our goals, strategic plans, and other stated objectives.

The purpose I was keen to establish True Power is to provide unique contracting services along with MEP services & consulting services in Egypt and Gulf region.

Leadership is not hard if we are surrounded with precious clients who appreciate our work and have willing to set fruitful long-lasting relationships together.

Our clients, thank you for trusting us to be your source for top quality & efficiency. We extend our gratitude for your interest to try our services.

Looking forward to working with you,  
**Eng. Nader Edward**  
Founder & CEO

scope

## Our Scope of Work

- General Contracting
